

TwinTouch LuxeMate Pro

Stylish Wireless Slim Desktop Kit for Digital Life

Rechargeable Wireless Slim Desktop Kit for Professionals

Genius has introduced the *TwinTouch LuxeMate Pro* to show our commitment to bring fashion, style and exquisiteness to humanize your PC. Featuring enhanced wireless technology and a rechargeable function, this in-style slim keyboard and mouse kit excels much better than other desktop kits in the wireless world.

With 12 chrome-plated hot keys, the keyboard has integrated the most contemporary hotkey features together to provide maximum operation convenience for Internet exploration, media center and as an Internet communication tool. In addition, a rubberized palm rest provides better comfort and typing posture. A scroll wheel is also included for added benefit.

Apart from above-mentioned keyboard features, the mouse's hidden button design and 2 in 1 receiver/ charger functions not only bring you the innovation of *Genius'* wireless technologies, but also provide convenient and useful tools to suit your needs to make your PC operations much easier.

TwinTouch LuexMate Pro is an environmentally designed, money saving product with lots of humanized functions designed to meet all expectations of a wireless keyboard mouse kit. For further information regarding this sleek new desktop kit, please contact your sale representative now.
